

Quality made in
Germany!

HAWE SPEED - WHO WE ARE

The company was established in 2003 by the founders Otto Haacks (Ha) and Achim Weber (We) for the development, production and sale of high-speed doors. Since then there has been constant further development of our doors taking place in close cooperation with our customers.

Since 2015 the next generation in the shape of Sebastian Weber has been managing the medium-sized company as its sole managing director.

He has a particular concern that you as our customer receive personalised all-round service from beginning to end. With this in mind, our family company's basic services always include first-class consultation, simple and fast processing of your order and the maintenance service.

Do you have an special wishes? Even if it goes beyond the standard solutions, such as special control engineering or complicated installation dimensions, our experienced staff and your capable contact partner are true to our company motto:

“Quality made in Germany!”
